

SENATOR WARNER: Mr. President and members of the Legislature, I was just going to rise to...actually I would oppose taking the language out. Senator Beutler has pointed out, it doesn't...all the discussion has been relative to General Fund, and there is nothing that I see in Section 7 that indicates a General Fund appropriation. In fact, I would look on it more as one of a limitation, but as I have been hearing other suggestions for other places, this suggests to me that you won't appropriate more than 100,000, which probably isn't going to go very far, and the language that is there which said Cash Funds, user funds, as I look at the handout, lottery funds, bond issue, if you had a way to pay for it, I think that Senator Beutler is correct, it doesn't really make much difference one way or the other. But there is some appeal to me that at least you have a limit of 100,000, and not some much larger number that, obviously, could be expended if we were going to expand the trails to many places that has been suggested as potential.

SPEAKER BAACK: Thank you, Senator Warner. Is there anyone else wishing to address the Lamb amendment? Senator Lamb, do you wish to close?

SENATOR LAMB: Yes, Mr. President and members. See, my purpose here is, as you know, take the General Fund out of it. Now, if it takes another motion on the A bill, which I assume it will, then that will be forthcoming. So my concern here is that this year when we have problems, fiscal problems, in the state, we should not be appropriating \$100,000 to fund this bill. As I read it, Section 7 says the Legislature shall appropriate the sum of one hundred thousand dollars for each fiscal year to carry out the purposes of this act. I'd like to take that out, and then when the A bill comes up, I would take the hundred thousand dollars out of it also. That's the purpose of it. If you have a bill that the people want to donate...or a fund that the people want to donate to, I see no problem in doing that, if that is what they want to do, but I don't think we should have General Fund money in there. The purpose of the amendment is to take the General Fund money out of the bill, and also the A bill. I would ask that it be adopted.

SPEAKER BAACK: Thank you, Senator Lamb. You have heard the closing. We will now proceed to vote on the amendment offered by Senator Lamb. All those in favor vote aye, opposed vote no. We're voting on the amendment by Senator Lamb, have you all voted? Have you all voted? Senator Lamb.
